

BRAVURA

PAN AM AQUATIC

UNIVERSITY OF TORONTO,
SCARBOROUGH

Kalwall® translucent sandwich panels are a key feature of the award-winning Toronto Pan Am Sports Centre (TPASC) on the campus of the University of Toronto Scarborough. The facility was recognized by Athletic Business with a 2015 Facility of Merit® Award.

The TPASC was built for the short-term goal of hosting the 2015 Pan Am and Parapan American Games and the long-term objective of delivering extensive programming for local recreational and community groups, as well as high performance fitness athletes.

The multi-sport facility houses internationally-sanctioned swimming and diving pools, an indoor track, a fitness area, a 38,000-square-foot multipurpose field house and a high-performance training centre.

The playing fields of the TPASC are one story below ground level. Kalwall panels were incorporated to help provide natural diffused daylighting that did not create glare on the playing surfaces.
